Who We Are

PT. Sintesa Talenta Asia (STA) is a Talent Management Services company that helps organizations attract, manage, develop, and retain top talent to support sustainable business growth.

We provide end-to-end talent management solutions, covering talent acquisition, assesment, onboarding, workforce deployment, learning and development, performance management, employee engagement, and talent retention.

By combining people, process, and technology, we help organizations build a workforce that is competent, productive, adaptable, and aligned with business objective.

A Trusted Talent Management Partner

vision. To become a trusted strategic partner in talent and workforce management in Indonesia.

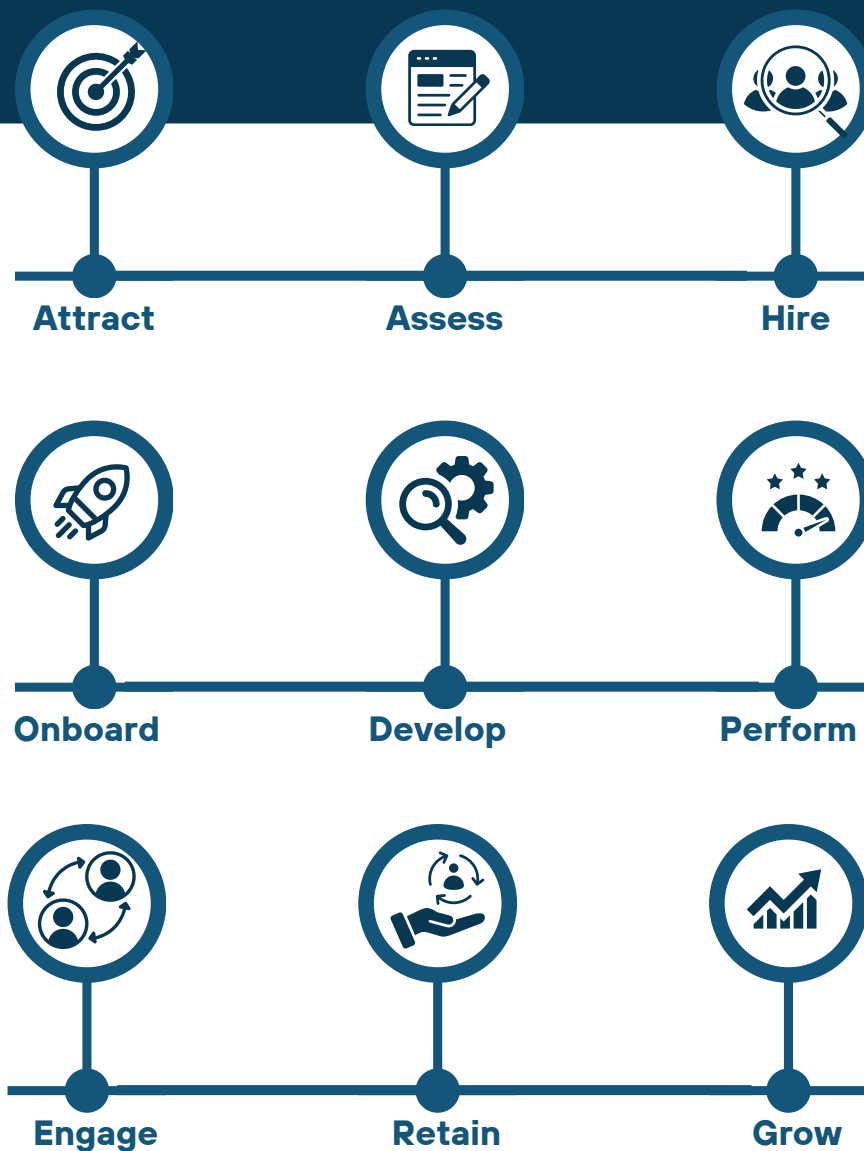

mission.

- To connect organizations with the right talent based on their business requirements.
- To enhance individual competencies and workforce productivity.
- To help organizations build high-performing and future ready teams.
- To develop technology-driven talent management solutions.

Our Framework

To ensure the best result, we consistently apply a Talent Management Framework covering an end-to-end process :

 We use comprehensive Talent Lifecycle Management approach. 

Why Choose Us

We are committed to becoming more than a provider of people.

We aim to be a strategic partner that helps organizations identify the right talent, develop their capabilities, and maximize their potential.

We believe that **"great business are built by great people"**.

Therefore, every aspect of talent management solution we provide is designed to create value for Clients, Talent, and Business.

Our Promises

- We find the talent.
- We develop the talent.
- We manage the talent.
- We help your business grow !

Our Differentiators

People First

Business Understanding

Technology Enabled

Continuous Improvement

Let's Work Together

By partnering with us, organizations can **reduce** the complexity of recruitment and workforce administration; **improve** talent quality, employee capability, and workforce productivity; **accelerate** workforce expansion according to business requirement; **develop** employee capabilities through continuous learning and development; **strengthen** employee engagement and **retain** high performing talent; and allow management to **focus** more on core business priorities.

**Ready to Take
Your Business
Grow?**
